Essential Responsibilities

- Immigration and non-academic advising to international students during the course of their stay, to include advisement on maintaining and extending legal status, travel, employment, changing immigration status, as well as advising on legal status, employment, and other matters for dependents
- Cross-cultural adjustment advising and programs to international students and their dependents during the course of their stay, to include advising on matters of academic success, health and wellness, student life, social integration, career development/planning housing, social security cards, driver's licenses, taxation, other personal issues, and university resources
- On-boarding, transition, orientation, and first-year experience programs to aid in retention and help international students successfully integrate into the UC San Diego and greater communities and ensure that opportunities are available for them to achieve academic, personal, and career success
- Liaise with federal agencies—U.S. Depts. of Homeland Security and State—as needed, maintaining UC San Diego compliance requirements with regard to internationals as mandated in regulations issued by these agencies, and advocate on behalf of internationals
- Issue legal paperwork, employment authorization, and maintain the Student & Exchange Visitor Information System (SEVIS) on behalf of international students and their dependents
- Collaborate with campus units and departments to advance international education efforts, foster global understanding, enrich the experience of the international and domestic communities, and promote campus diversity initiatives
