Chinese New Year Dinner and
Presentation by Professor Chris Wills

In celebration of the Chinese New Year (The Year of the Horse), Chef Jimmy Chen and his team will prepare another memorable feast featuring highly refined Chinese dishes.

Following dinner, guests will be treated to an illustrated presentation on New Britain, a remote part of New Guinea by Biology Professor Christopher Wills, author of "The Darwinian Tourist" and "Green Equilibrium." The presentation will provide a vicarious journey to one of the most active volcanic regions of the Pacific's Ring of Fire, where in addition to learning about the island's ever-changing geology you will visit the rich coral reefs of Kimbe Bay, attend a Mask Festival, and dance through the flames of a bonfire.

This event is hosted by the Friends of the International Center. All proceeds will benefit the Friends of the International Center Scholarship Fund* and any amount paid beyond \$15 per person is tax-deductible.
