Join a Tuesday Knit-Along from 1:00pm to 3:30pm every week in the dining room/lounge of the International Center. All are welcome from beginner to expert. Instructions can be provided to anyone who wants to learn to knit. Participants should bring needles and yarn. Individuals can work on their own items, bring patterns to share, or work on projects together.

This will also be an opportunity during our knitting sessions, under the direction of an English tutor, to practice English conversation skills. Each week we can discuss different topics, work on pronunciation, expand on vocabulary, share our learning experiences.
